## Paterson's word on the surf

YALLINGUP'S champion surfer Jake Paterson visited Edith Cowan University's third year surf science students on Wednesday to talk about contemporary surfing issues.

Part of the surf science unit requires looking at current issues in the surfing in-

dustry, including hardware, surf fashion, and the Association of Surfing Professionals.

Mr Paterson answered questions on injuries, sponsorship, coaches, managers and personalities on tour.

After his talk the students presented him with a bottle of wine.
